### Forkify

*A restaurant website*

This project is a fully functional restaurant website. It is developed on NodeJS, HTML,CSS. It is my major project 1 for my college.

### Affable

*Food ordering Website*

This is a MERN stack website developed for food ordering. I submitted this project in my Major project 2 in my college.

### Yuva Krantikari Party [🔗](#)

*A fullstack Website*

This a website of a Political Party named Yuva Krantikari Party, which is developed by me. I am still managing this website
